Sexual Harassment (DHS Policy #219)

Purpose

To establish guidelines for promoting a work environment free from sexual harassment and for the reporting and resolving of sexual harassment complaints for all employees at Harbor-UCLA Medical Center.

Policy

Sexual harassment is a form of unlawful discrimination which is a violation of Title VII of the Civil Rights Act of 1964 as amended and Chapter 6 of the California Fair Employment and Housing Act. It is the policy of the County of Los Angeles, the Department of Health Services (DHS) and Harbor-UCLA Medical Center that sexual harassment is unacceptable and will not be tolerated.

It is improper and a violation of this policy for a county officer or employee to ask for or receive sexual favors from another employee or prospective employee in return for or as a condition of employment, promotion, job retention, a particular job or duty assignment, or any other action relating to employment. It is also a violation of this policy if submission to, or rejection of such conduct is used as a basis for employment decisions, or if it creates an intimidating, hostile, or offensive work environment. Additionally, it is also a violation of this policy for an employee, manager, or supervisor to retaliate against an employee for filing a complaint and/or participating in an investigation.

Failure to comply with this policy will result in disciplinary action in accordance with the Department of Health Services’ Employee Evaluation and Discipline Guidelines.

It shall be the policy of the department to:

- Dissuade such practices through communication, training, and other appropriate methods that will educate employees and all persons involved with the work force concerning sexual harassment issues;
- Investigate all observed or reported instances of sexual harassment and take appropriate corrective action, including disciplinary action, when warranted; and
- Provide an internal complaint process for employees who experience or witness the violation of the sexual harassment policy which will protect employee confidentiality to the extent legally permissible, shield the individual from retaliation, and allow for appropriate corrective action.
